REHEARSAL SPACE

The following represent organizations that offer subsidized rehearsal space to dance artists through the New York City Dance Rehearsal Space Subsidy Program from May 2022 through December 2026. Administered by Dance/NYC and made possible by the Mellon Foundation, the purpose of the program is to make affordable rehearsal space available to dance makers who are in critical need of space for the creation and development of their work, while also fostering a more inclusive and just dance field. By addressing financial barriers to accessing artistic development space, this program aims to advance dance artistry in the five boroughs of New York City and contribute to the field's overall diversity, sustainability, resilience, and health. While dance rehearsal space facilities are the direct recipients of funding, individual dance artists and dance making organizations are the primary intended beneficiaries of the program. Through the program, dance artists and small budget dance making organizations/groups will have access to affordable, accessible rehearsal spaces in all five boroughs of New York City at rates ranging from \$5-\$10 per hour. CPR - Center for Performance Research

361 Manhattan Avenue, Unit 1, Brooklyn, NY 11211

CPR – Center for Performance Research is dedicated to supporting artists in the development of new work in contemporary dance and performance. CPR focuses its activities in three key areas: creative and professional development support; providing affordable space for artists; and public programming. Curated and open-call programs focus on providing artists with rehearsal, residency, and performance support, which generates time and space for research and dialogue, and creates opportunities to share work in a variety of contexts. CPR's Subsidized Space Rental Program helps to ensure that artists can access CPR's flexible studios and performance space at affordable rates to create and share their work. By presenting work to the public through performances, work-in-progress showings, salon-style discussions, exhibitions, and festivals, CPR exposes local audiences and its community to contemporary artistic practice and process.
